This is theatre and digital animation at its
most exquisite. Enter a strange and

fantastical metropolis of floating ships, mysterious lights, alien symbols and curious animals.
Adapted from Shaun Tan's

multi-award winning book, *The Arrival* will take you on one man's moving journey to an un-
known world. This unique theatrical experience traverses themes of freedom, migration, sur-
vival, love and acceptance.

Follow our hero Aki as he starts life amidst the extraordinary inhabitants of this new land.
Will he find a place to live? Will he find a job and make friends? Most of all, will Aki ever see
his family again?

The absence of words not only makes this story perfect for puppetry but emphasizes the isola-
tion experienced by many people arriving in a new place. *The Arrival* is a fusion of Tan's beau-
tiful and surreal illustrations with exquisite puppetry, haunting music and fine acting. This
ground breaking production blurs the boundaries of performance, digital animation and pup-
petry.

Named 'Best Production' for 2006 at the Perth Theatre Trust/Actors Equity Guild Awards,
this is an emotionally moving piece which will touch anyone who has bid farewell to a loved
one.
